Congressional district report card: CA-33

Hospitals located inside district CA-33, by map location. Patients and ambulances cross district lines, so hospitals just outside the boundary are listed separately.

Total lower-bound ambulance-hours stuck in February 2026

38.2

Counts only hospitals listed in the report. At least this many hours, probably more.

What-if scenario

If these hospitals cut their excess handoff time by 50%

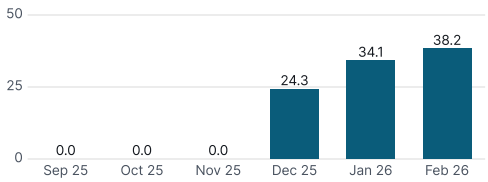

50%

About 19.1 ambulance-hours would be returned each month. This is a scenario built on the lower-bound formula. It is not a prediction of response times or lives saved.

Hospitals in district CA-33

Hospital	Crowding in February 2026	Handoffs	90th percentile	Met target	Lower-bound hours
Arrowhead Regional Medical Center Colton	○ Not listed			Not listed in the February 2026 report.	
Community Hospital of San Bernardino San Bernardino	▲ High crowding	649	0:47:08	60.2%	23.9
St. Bernardine Medical Center San Bernardino	◆ Moderate crowding	1,501	0:30:43	82.7%	14.3

Lower-bound hours by month

Nearby hospitals just outside the boundary

These are within about 6 miles of the district boundary but located in another district.

Hospital	Crowding in February 2026	Handoffs	90th percentile	Met target	Lower-bound hours
Kaiser Permanente, Ontario Ontario	○ Not listed			Not listed in the February 2026 report.	
Kaiser Permanente, Riverside Riverside	▲ High crowding	576	1:01:37	72.0%	30.4
Loma Linda University Children's Hospital Loma Linda	◆ Moderate crowding	329	0:26:21	89.1%	0.7
Loma Linda University Medical Center Loma Linda	◆ Moderate crowding	1,457	0:26:39	87.2%	4.0
Montclair Hospital Medical Center Montclair	◆ Moderate crowding	208	0:42:05	77.9%	5.9
Redlands Community Hospital Redlands	▲ High crowding	972	0:44:05	72.4%	30.9
